Met This Afternoon to Decide Supremacy in Football.

YALE THE FAVORITE

But Princeton's Confidence Put a Damper on the Betting.

Princeton Put Up a Game Fight But Failed to Hold Yale Back.

New Haven, Conn., Nov. 18.—A mighty throng of people decked with flags and banners poured into the city during the morning hours today to witness the football contest between Yale and Princeton. Automobiles by the score, special trains on the railroad and suburban trolley lines, with carriages of all kinds, and long lines of foot soldiers, filled the streets from noon to the city square, and fairly overflowed into the campus and swamped the building which had been thrown open for the occasion. The weather, simple and clear as a June day with an atmosphere in which frost was barely suggested.

The first arrivals of foot ball enthusiasts came on late night and early morning trains, and sunrise found hundreds of young men parading the streets and thronging the restaurants for breakfast. Most of the college fraternities and the clubs, both open house all night, floating on the result of the game was largely in favor of Yale, and on the night of seeing a number of enthusiastic made Yale a favorite at once. The heavy odds, however, made Yale supporters reluctant to make wagers.

The confidence exhibited by Princeton was a factor that made Yale betters worry about the odds. The Princeton men seemed generally to believe that they would at least

draw. Since 1876, Yale has won six of the twenty-nine games played between Princeton. Princeton has won six to her credit and the games have resulted in a tie in the system of scoring as adopted in 1880 and slightly modified since. Yale has made 241 points in Princeton contests and Princeton has made 100.

Yale Kicks Off. The field and conditions were of the best. Princeton won the toss and Yale the kick off and defense of the north goal.

Blanch kicked off for Yale at 2:22. Princeton's ten yard line. Dillon kicked back sixteen yards.

Princeton was penalized fifteen yards for holding. Bard pointed out his own goal post to the 45 yard line where there was a kick off but the ball was taken to Princeton's ten yard line.

Everybody's surprise. Empire walked with the ball to the 29 yard line. Princeton started to smash through the Yale line where Hutchinson was downed in his tracks by Princeton's line. Five yards gave them 11 yards, then

Princeton went through for ten yards and then went through for a touchdown until the ball was on Princeton's 40 yard line. Yale got the ball on Princeton's 10 yard line.

Princeton's 20 yard line. By rushes to the ball on Princeton's 15 yard line, the ball was taken to Princeton's 10 yard line.

AT SEA LEVEL

The Isthmian Canal Is to Be Built

If Recommendation of Consulting Engineers Is Adopted.

A VOTE TAKEN TODAY

Showed a Majority to Be in Favor of the Sea Level Plan.

Minority Contended That a Lock Canal Would Be the Cheaper.

Washington, Nov. 18.—The board of consulting engineers of the Isthmian canal declared itself today, by a majority in favor of a sea level canal. The conclusion was reached after a long and careful study of the project. Since the beginning of September the board had held meetings and in special sub-committees had studied the plans for a sea level and lock canal with the greatest care. A trip to the isthmus was made to enable the members to form a better idea of the physical difficulties which had to be considered.

The members of the board are men of the greatest reputation in their line of work. France, Germany and Holland had sent their most eminent specialists at the request of the American government. From the beginning it was evident that a majority of the members were in favor of the sea level canal. Their point of view was that even if it cost more than a lock canal and would take longer in the building, it would ultimately be of greater use as it will enable ships to make a much shorter trip than if they were obliged to go through three or four locks. On the other hand the minority who wanted the canal built as soon as possible and at as small a cost as possible.

No official statement will be given until before the report of the commission shall have reached President Roosevelt which will be about January first.

Philadelphia, Pa., Nov. 18.—In the suit of C. G. A. Loder against the National Association of Wholesale and Retail Druggists and the Philadelphia Association of Retail Druggists, before Judge Holland, in the United States circuit court, statistics were produced by counsel for the plaintiff to show that during the past six years the public has paid \$96,000,000 in increased prices for drugs. Mr. Loder who is a cut rate druggist is asking \$100,000 damages for an alleged conspiracy on the part of the defendants to ruin his business. Clayton Shoemaker, senior member of the wholesale drug firm of Shoemaker & Busch had testified that to some extent his refusal to supply a cut rate druggist was due to his sympathy for the small retailer.

Counsel for Mr. Loder then produced figures and asked him where was his sympathy for the consumers, whom the lawyer declared, had paid \$16,000,000 annually for medicine during the six years since the combination of wholesale druggists was effected. Mr. Shoemaker said he did not believe the figures.

Pittsburg, Pa., Nov. 18.—A personal friend of Frederick Gwinner, Sr., president of the Enterprise National Bank of Allegheny who desires his name withheld, said today:

"Since the Enterprise Bank failed, President Gwinner was voluntarily paid out of his own fortune \$177,000 to depositors who cannot afford to lose their money. Mr. Gwinner is still paying money to needy depositors and the amount is steadily increasing. Since the bank failed he has worried greatly about the money lost by depositors and is almost ashamed to leave his home, although he is in no way responsible for the bank's condition."

It was learned today the comptroller of the currency was in Pittsburgh yesterday leaving for Washington last night. His presence here was purely personal business and he had no conferences regarding the Enterprise Bank.

Harrisburg, Pa., Nov. 18.—Governor Pennypacker today appointed the commission to represent Pennsylvania at the Jamestown exposition to be held at Hampton roads, Va., in 1907 to commemorate the settlement of Jamestown. The commissioners are Wm. S. Harvey, Jas. Pollock, John E. Lewis, E. T. Stofschmidt, Geo. T. Oliver, Algernon B. Roberts, Paul H. Gaidner, T. B. Patton, C. C. Frick, Edwin M. Thomas and John S. Arndt.

Christiania, Norway, Nov. 18.—The Norwegian parliament today unanimously elected Prince Charles of Denmark to be king of Norway. There were 116 members present. The result was declared at 5:50 p. m. As this dispatch is filed the fortress is firing a royal salute of 42 guns in honor of the new king.

STEEL COMPANIES COMBINE

New York, Nov. 18.—The Railroad Steel Spring Co. announces that it has closed negotiations for the purchase of the Lathrop Steel Co., at Lathrop, Pa. The purchase will be financed by an issue of \$4,500,000 of five per cent bonds of the Railroad Steel Spring Co. The second will be a first mortgage on the property of the steel company.

BACK FROM ITALY. New York, Nov. 18.—Right Rev. P. W. Riordan, Roman Catholic Bishop of San Francisco, and Rev. M. D. Connelly, of San Francisco, were passengers on the steamer Konigin Louise which arrived here from Italian ports.

FOLLOWING NEW YORK. Berlin, Nov. 18.—The municipality of Berlin voted to build an underground railroad from the north to the south of the city. The line which will cost about \$16,750,000, will be electrical and will be operated by the city. The measure still requires the sanction of the town council.

TORPEDO BOAT In a German Naval Fleet Sent to Bottom.

One Officer and Thirty-Two Seamen Are Reported Missing.

DURING MANOEUVERS. The Torpedo Boat Was Struck Amidship By Cruiser Undine.

Boiler of the Torpedo Boat Exploded With Fatal Results.

Kiel, Nov. 18.—Torpedoboot "S" 126 collided last night, near Bock, with the small cruiser Undine. The torpedo boat sank and one officer and thirty-two seamen are missing.

The disaster occurred during the manoeuvres in Kiel bay. A torpedo boat division was making a regulation attack upon the Undine which had blinded her lights. Later she suddenly used her search light which confused the helmsman of the "S" 126 and the torpedo boat got under the Undine's bow and was struck amidship, causing the boiler of "S" 126 to explode. The suddenness of the catastrophe caused a panic. It is believed that all the missing members of the crew were killed or drowned. Several wounded officers were rescued. A number of big and smaller cruisers with divers have gone to the scene of the disaster, where the Undine is still anchored.

Emperor William, who arrived here at noon for the swearing in of one naval recruits, was immediately informed of the accident and after leaving the train proceeded to the hospital waiting room of the railway station where he ordered a detailed report to be made to him.

The accident occurred in the midst of a driving snow storm and when the light was very dark. The torpedo boat sank in four minutes.

PRINCE CHARLES ELECTED. Christiania, Norway, Nov. 18.—The Norwegian parliament today unanimously elected Prince Charles of Denmark to be king of Norway. There were 116 members present. THEY'LL FIND 'EM ON THE BOWERY

New York, Nov. 18.—One thousand and fifty-six British sailors were missing today from the squadron of Prince Louis of Battenberg, which has been anchored in New York harbor for a little more than a week. These sailors are recorded as deserters on the books of the ships composing the fleet, but their officers hope that most of them have merely over stayed their shore leave.

SPokane, Wash., Nov. 18.—Kid Parker, of Denver, and Maurice Thompson, of Butte, fought twenty fast rounds to a draw before the Pacific Athletic Club last night. The referee's decision was popular.

FORMER OHIO MAN DEAD. Traverse City, Mich., Nov. 18.—Judge Lorin Roberts, of the recorder's court, died suddenly last night of apoplexy. He was born in Johnson, O., in 1845. Judge Roberts was at one time president of Denison College, Michigan, and came to Traverse City in 1872 as superintendent of the school.

KILLED BY TRACTION CAR. Columbus, O., Nov. 18.—A despatch from Chillicothe says that Mrs. John McGint, aged 45, of Hopetown, near there, was instantly killed by a Seio Valley Traction Car. She stepped on the track and did not see the car coming.

FINAL REPORT

Of Committee on Resolutions Made At the Federation of Labor Convention This Morning.

SYMPATHY EXTENDED To the Strikers Who Are Fighting For Liberty in Russia.

And One Thousand Dollars Appropriated For Their Aid.

Pittsburg, Nov. 18.—The committee on resolutions made its final report at the morning session at the American Federation of Labor. A resolution was adopted extending to the sufferers of Russia the sympathy of their fellow workmen in the United States, and subscribing \$1,000 for their benefit.

Miss May Kouzich, of Troy, Y. N., an organizer for the shirt waists and laundry workers, made a plea for the federation's help in the strike of the laundry workers in Troy. Miss Kouzich said that the girls were not being paid enough for their work. A resolution was adopted appropriating \$1,000 to aid the women strikers.

A committee was also appointed to investigate the working conditions of the girls and to endeavor to adjust their difficulties. A motion requesting the federation to use its influence to have laws enacted which will hold the employers and not the employees for accidents on railroads and other places where mechanical machinery is used. It was alleged that there is too much carelessness on the part of the employer for which the employee must suffer. The motion was adopted. The U. S. government was urged to acquire control of the telegraphic companies. All union workers were asked by the federation to oppose congressional nominations of men who were not friendly to labor. An amendment was made that every candidate to public office in the United States who was not a friend of the laborer be strongly opposed and defeated for the office for which he is a candidate. This was adopted.

FOR CLOSER UNITY OF THE CHURCHES. New York, Nov. 18.—The closer unity of churches was the subject of today's session of the Inter-church conference of federation at Carnegie hall. Several speakers said that the easiest first step toward such a unity lay in co-operation in foreign missionaries. The appeal to Russia was made to the Jews which was drafted yesterday by Rev. Gladding, was adopted by the convention. The first speaker of the day was Rev. J. S. Mills, Bishop of the United Brethren church, Nunnville, Pa. Discussing the general subject, "A United Church and Home and Foreign Missions," Bishop Mills said the federation of churches can at once secure co-operation in the work of education in mission fields.

PASSENGERS INJURED IN RUNAWAY ACCIDENT. Boston, Mass., Nov. 18.—Seven passengers were injured, one fatally, as a result of a runaway horse attached to a heavy cart crashing into the side of a moving electric car of the Boston Elevated railroad company in South Boston today. The cart struck the car with great force splintering glass and breaking wood work which was scattered among the passengers.

THE PRESIDENT'S MESSAGE. Washington, D. C., Nov. 18.—It has been decided that the president's forthcoming annual message to the congress will be submitted to the senate and the house of representatives on Tuesday, Dec. 5.

COUNTERFEITERS SENT UP. Cleveland, Ohio, Nov. 18.—Joseph Drugovich, the last of a gang of four counterfeiters convicted of making Hungarian money here was today sentenced in U. S. District court to two years imprisonment in the Ohio penitentiary. The counterfeit bills were sent to Hungary and circulated in that country.

TAFT'S SUGGESTIONS.

Secretary of War Taft has returned
from Panama and expresses himself
as highly gratified over the election
result in Cincinnati when Boss Cox
was laid out in a very artistic and ef-
fective manner. However, he regrets
the defeat of Herrick.

Regarding the future, the secretary
makes wise and sensible suggestions,
as follows:

As between the democrats and re-
publicans, the Ohio legislature is very
close indeed, and now would seem to
be the opportunity for the real en-
emies of bossism to forget party dif-
ferences and unite in the passing of a
law, which if properly drawn and
actually enforced, will do much to
elevate the tone of municipal and
county politics by depriving local
bosses of public patronage to per-
petuate their political power.

WINTER AND PUBLIC HEALTH.

The secretary of the state board
of health of Indiana predicts 230
deaths in that state this month, from
pneumonia, none of which does he
consider unavoidable. He mentions
bad air in cold street cars as a fruit-
ful source of the disease. Bad venti-
lation in houses predisposes to an
attack. Every one takes in the
germs of the disease at times, but
perfect health in general, and a fair
chance for the lungs, will throw them
off harmless. Warm air is not nec-
essarily impure, and more important
than this, cold air is not necessarily
pure. An excess of cold air, by de-
pressing the vitality, will aid the dis-
ease in establishing itself.

The disease that have given hu-
manity the most concern are those
which develop, or are made worse, by
extremes of climate. The hot weath-
er diseases, which include cholera
and a variety of fevers, have been
brought under better control than
have the cold weather diseases, such
as pneumonia and other lung diseases,
throat diseases and rheumatism. The
doctors are steadily giving good ad-
vice to the public, free of charge, as
to the amelioration of all these com-
plaints and disorders. Sanitary reg-
ulations have helped and are capable
of further extension. Spitting on
sidewalks and on street cars is not
tolerated in any city. Stricter quaran-
tine is insisted upon in all. Contag-
ious cases, this, by the way, being
singularly harder to enforce than in
the case of the summer diseases.

Attention to general health is the
great thing; as an old physician puts
it, "Just keep well, and you won't get
sick!"—Col. Dispatch.

article used in the preparation of food should be prohibited."

day, leading republican papers are
admitting that the party, leaders were
guilty as charged, and that the great
need of the party henceforth is lead-
ers who are honest. The Cleveland
Leader says:

The people of Ohio have condemned
the republican party in this state for
association with grafters. They have
sent the grafters into political exile
and have convicted the majority of the
party leaders of cowardice and in-
competence.

"Mene, Mene, Tekel, Upbarsin ***
Goth hath numbered thy kingdom and
finished it. *** Thou art weighed in
the balances and art found wanting.
*** Thy kingdom is divided."

The handwriting on the wall is
clear now. It was clear to the Leader
before the campaign opened, but the
wiseacres who were managing the party
could not see it or feared to look.

Of all the conspicuous republicans
in Ohio only William Howard Taft
had the courage to call corruption by
its right name and to repudiate the
arch-corruptor of republican politics
in the state.

New times call for new men. Some
of the old republican leaders will
survive if they will read the handwriting
on the wall. But the people of
Ohio, overwhelmingly republican, de-
mand new leaders. They want men
with faith in the people, in the new
school of politics, men who put prin-
ciple above party loyalty.

The need if the hour is leaders who
have the courage really to lead, to
speak out in defiance to bosses and
corporate control.

between the fact that the consumption
of beer in Germany has tripled in 20
years, and the fact that there are now
about four times as many heart-disease
patients at the recruiting offices
of the army and navy as in 1891.

AS TO THE SHERIFF'S TERM.

The Columbus Dispatch in its
Friday edition discusses the situa-
tion now found to exist as to the
term of service of a sheriff in Ohio.
The Dispatch says: "The discovery
that Sheriff Karb, though re-elected
at the late election, will not be able
to fill out the extended term is in-
teresting. He may, it is claimed,
serve two years longer, but not the
extra year which, under the newly
adopted amendment of the constitu-
tion, will be added to the term for
the purpose of separating the elec-
tions, bringing those of the munic-
ipality in one year and those of the
county and state the next. He has
already served two years, and the
constitution provides that 'no person
shall be eligible to the office of sheriff
for longer than four years in any
period of six years.'

"This restriction of the sheriff's
eligibility is found in the constitu-
tion of 1802, as well as in that of
1851. The sheriff, as the chief ex-
ecutive officer of the county, exer-
cised great power in the earlier days.
He was apt to build up a machine,
become a boss and so dictate his own
re-election term after term. The
same came to be true of the treasur-
er, whose eligibility to continuous
service is similarly restricted in the
present constitution. There was suspi-
cion of co-operation of the two
officials in machine-building, if not
of collusion, and the constitution-
makers set the restriction referred to
in order to frustrate the evil designs
of the ambitious and to preserve to
the people their liberty of choice.

"The spirit of the provision is to
prevent a man from holding the
office of sheriff for more than two
terms, but as the prohibition is
stated in years, it would seem to be
clear that two years hence there will
be a vacancy in the office and the
county commissioners will elect for
the additional year."

WHAT, A COUNCILMAN?

Milwaukee, Wis., Nov. 18.—Former
Elderman Robert L. Rudolph, was to-

STOCK MARKET

Opened Active and With Several Gains.

Southern Railroads and
Steel Took on Conspic-
uous Advances.

STATUS OF FINANCES

As Reviewed From the
Events of the Week
on Wall Street.

Quotations on Live Stock, Grain, Produce and Provisions.

New York, Nov. 18.—Wall Street—
The stock market opened active and
higher with conspicuous gains in
some of the southern railroads and
steel. Sloss Sheffield steel rose 2%;
Atlantic Coast line, 1%, and Louis-
ville and Nashville a point. Amal-
copper advanced 1%; Federal Min-
ing preferred 2, and Denver and Rio
Grande and Knickerbocker 1/2 a
point.

Prices of special stocks continued
to advance until the publication of the
bank statement when a sagging ten-
dency developed which carried promi-
nent stocks to the neighborhood of
last night's level. Among the strik-
ing advances in specialties were Fed-
eral Mining 10, the pfd 5, Sloss Shef-
field 5 1/2, Brooklyn Transit 3 1/2; New
York Air Brake 3, International Power
North American, United States Rub-
ber second pfd, National Biscuit, Long
Island and Atlantic Coast Line 2
2 1/2; Minneapolis, St. Paul & Sault Ste
Marie and National Pump pfd 1 1/2
1 1/2; and Norfolk and Western pfd 1.
Texas Pacific Land Trust and Sugar
lost 1, Hocking Valley 1 1/2; Central of
Georgia 1, Chicago Traction 2 1/2.
The specialties came up aggressively again
in the final dealings but the closing
was highly irregular and active.

The Financial Situation.

New York, Nov. 18.—Acute string-
ency of money following the loan con-
traction forced upon the banks by the
deficit in their legal reserves caused
free liquidation and a sharp fall in
Wall Street early this week. The de-
clines were more than recovered,
however, when the money stringency
relaxed with the funds attracted to
New York by the higher interest rate.
The renewed speculation was con-
spicuous in a number of industrials
and specialties in which violent up-
ward movements carried the prices to
record figures. The decline in money
rates resulted in a rebound on foreign
exchange rate, pointing to renewed
pressure from that source.

Clearing House Statement.

New York, Nov. 18.—The weekly
bank statement today showed that the
clearing house banks holds \$2,915,150
in excess of the 25 per cent of de-
posits required by law. Last week there
was a deficit of \$2,428,800, showing an
increase of \$5,343,950. The state-
ment follows: Loans \$1,017,083,600,
decrease \$27,204,200; deposits \$999,
069,000, decrease \$29,249,800; circula-
tion \$54,689,900, increase \$378,200; le-
gal tenders \$73,075,100, increase \$690,
500; specie \$179,670,300, decrease \$2,
659,000; reserves \$252,682,400, decrease
\$1,968,500; reserve required \$294,767,
250, decrease \$7,312,450; surplus \$2,
915,150, increase \$5,343,950; ex-U. S.
deposits \$5,057,175, increase \$5,351,975.

LEGAL BATTLE**Will Decide the Trackage Contest.**

Between the C. H. & D. and
Detroit, Toledo & Iron-
ton Roads.

THE AGREEMENT MADE

Gives Latter Road Track
Privilege From Lima
to Toledo.

Harding's Resignation Said
to Have Grown Out of
This Affair.

The trackage contract between the Cincinnati, Hamilton and Dayton railroad company and the Detroit, Toledo and Ironton railroad company, which is said to give the Erie officials a great deal of uneasiness, and was reported to be one of the causes of Russell Harding resigning as vice president of the Erie, gives the D. T. and I. the right to run over the Cincinnati, Hamilton and Dayton tracks from Lima to Toledo, terminal rights at Toledo and point switching privileges at Wellston.

In return for this trackage right the D. T. and I. gives the C. H. and D. trackage from Dean to Ironton, Ironton to Bloom Junction over the B. and O. S. W. tracks.

Erie officials state that this contract was made while negotiations were under way for the purchase of the C. H. and D. by the Erie, and that the D. T. and I., by the nature of the topography of the country in that section, secures a valuable grant entirely at the expense of the C. H. and D. An effort will be made in court to break this contract. Thus far the C. H. and D. operating department has not permitted the D. T. and I. to exercise that trackage right. A long legal battle is promised between the two companies.

C. H. and D. Ousted.
Columbus, O., Nov. 18.—The entry in the case of the state ex rel. Attorney General against the Cincinnati, Hamilton and Dayton railway company was made in the supreme court today. The defendant company is ousted from the property in Dayton in the vicinity of Third and Commercial streets, which belongs to the state, and is to be recovered. The remainder of the tract is to be quieted to the city of Dayton as against the claims of the state.

The railroad is also ousted from 1,575 feet in length by 1,568 feet wide on the towing path of the Miami and Erie canal, extending from First street to Third street, and that the same be placed in possession of the state. In that portion of the Master Commissioner's report which covers the Hull

Basin in Hamilton, Butler county, the C. H. and D. is ousted therefrom and the state is to recover possession.

The costs in the case amount to about \$2,999, of which the state is to pay one half, the railroad company one third and the city of Dayton one sixth. Robert R. Neale, as master commissioner, is allowed a fee of \$2,000 and expenses.

It is probable that the state and the railroad company will get together and arrange for lease of the property. Again it is understood that the city of Dayton will pay to the state the money received from the C. H. and D. in the past for rents supposed to have been paid on property in which it held rightful title.

State Not Needed.
The person who is to occupy the position of assistant general passenger agent of the C. H. and D. has not yet been determined upon. R. H. Wallace, general passenger agent, who has been here for two days, left last night for New York, where he will confer with D. W. Cooke, assistant general traffic manager, relative to the head of the passenger department of the C. H. and D. in Cincinnati.

Sterilizing Cars.
The Erie railroad has adopted a new method to kill germs in the day coaches. All cars on the through Chicago-New York express are now, on their arrival at each terminal treated to a gas bath, the principal ingredients being formaldehyde. The cars are made airtight and treated to this gas bath for about half an hour. At the end of that time it is said that every germ imaginable would be exterminated.

DeMonico's Beaten.
Pittsburg, Pa., Nov. 18.—Fred Fleck, an old locomotive engineer of the Pennsylvania railroad says he has received a letter from Andrew Carnegie enclosing a check for \$1,000 to pay for a luncheon years ago when he was riding with the engineer. Mr. Carnegie, it appears, was ravenously hungry and gladly dined on the contents of Fleck's dinner pail. He has now paid for that meal.

FLETCHER PROMOTED
Friends Congratulate the Bridegroom on His Appointment.

As exclusively predicted in this paper Thursday, Carl Fletcher, for some time chief clerk to Freight Agent E. E. Poole, at the Lake Erie and Western freight depot, has been chosen to succeed his chief, effective with the latter's official retirement on December first. Mr. Fletcher is now enjoying his honeymoon, but his friends are quick to extend congratulation. With his advancement also comes a promotion for Mr. Frank Townsend, whom Mr. Fletcher has chosen as his chief clerk and cashier. While Mr. Poole does not officially retire until December first he is relinquishing the duties to Mr. Fletcher, and will himself leave here one week from Monday.

FOUR TIMES MARRIED

Though the Bride of Thursday Now Enters Fourth Trial at 22 Years.

Spencerville Woman Insane
Carrying Toys and Dishes to Bed With Her.

The probate court is considering the question of the estate of the late Milleretta Wheelers Watson, which is given a valuation in the application for his appointment as administrator filed by Dr. Watson yesterday of about \$200, and with no really listed. There are some legal points too technical for the newspaper scribe, but the entire estate which is said to have consisted of nearly \$80,000 may be forced to come under the income tax law. All the reality had been, before her death, transferred from the late widow of the Lima pioneer merchant to her second husband, Dr. Watson, and the Wheeler homestead on west Market, was in Dr. Watson's name when sold for \$8,000 only a few weeks ago.

FOUR TIMES MARRIED
And is Now But Twenty-two Years of Age.

A Putnam county girl by birth, takes the medal for numerous marriages in this section of the state. A license issued during the week to Mrs. Mary Jane Mills, who gave her age as twenty-two years and stated she had been thrice married before, her marriage to Mr. Asa Kootz Newman, all within a period of five years.

A marriage license has also been granted to John Costello, 25, oil pump-er, and Lillian Montague, 22, of Spencerville.

TO BED WITH HER
Demented Spencerville Woman Takes Her Toys.

Judge A. D. Miller was called to Spencerville yesterday afternoon where he held an inquest, assisted by Dr. Roush on the person of Mrs. Susie Place, aged 43 years. The woman has lost her reasoning power by long toil as a nurse in her family and she has become utterly unable for home treatment. In her dementia she has of late weeks been taking dishes, toys, and playthings to bed with her.

Good word comes from Troy to the many friends in this city of Maurice Frawley, the fireman who was so terribly injured in the wreck of No. 3, on the C. H. & D., two weeks ago. Frawley has lost one leg, but bears up with a fortitude admirable, and we reproduce entire a letter received from Rev. Father Francis J. Knipper, pastor of St. Patrick's church, Troy, which is as follows:

Troy, O., Nov. 18th, 1905.

The Times-Democrat, Lima, O.
Dear Sir:—I kindly ask you to publish through your paper, that Maurice Frawley who was seriously injured in the wreck at Troy, O., Monday, Nov. 6th, is doing nicely and improving. His many friends in Lima are certainly solicitous about his welfare, and I thought it proper to notify them through your esteemed paper. I visit him every day and try to make him feel as cheerful as I possibly can. I admire his pluck and never before have I had the pleasure, as a Catholic priest, to wait on a patient who bore his injuries with greater patience.

I will keep your posted concerning his progress and hope that he may soon be in the midst of his parents and friends.

Very respectfully,

GOODING'S Low Prices Do the Business.

Our LOW PRICES come from two things: We know how to BUY RIGHT and WE ARE SATISFIED WITH SMALL PROFITS. It's not

what we make on a pair of shoes we look at so much, as the profit we make on your regular trade. THAT'S WHAT WE WANT. It will pay us and you, too. Buy where you get the best Shoes for the money, and that is always at

A BAD WRECK ON THE B. & O. ROAD.

Cumberland, Md., Nov. 18.—An east-
bound freight train on the B. & O.
ran into the rear of another freight
near Rawlings, Md., this morning.
Brakeman C. V. Marks and Fireman
Jerry Collins were killed and Engi-
ner McNamee was so badly scalded
that it is thought that he will die. The
engine was badly broken up and five
cars were derailed blocking both
tracks and closing traffic.

One train had stalled after pulling
out of Keyser and the other train ran
into the rear, they having not sent out
a flagman.

The engineer is at the hospital. The
body of Marks was brought here. It
will be some hours before the wreck-
age is cleared.

BUT THERE WAS PLenty.

Washington, D. C., Nov. 18.—Act-
ing Secretary Oliver today accepted
the resignation of Lieut. Granville R.
Fortescue, 10th Cavalry. Lieut. For-
tescue was one of the officers men-
tioned in the Taggart divorce case at
Wooster, Ohio. No reason is given
for the resignation.

ANARCHISTS ACQUITTED.

Barcelona, Spain, Nov. 18.—The jury
today acquitted anarchists Pizcor
Myranda, Serra, Torres, Bernida and
Corominas, who were on trial here on
the charge of manufacturing bombs
for the assassination of rulers. The
trial aroused much interest.

HAD MONEY TO BURN.

Chicago, Nov. 18.—Mrs. Charlotte
M. Wrightman, who recently brought
suit against her husband for separate
maintenance today told Judge Brannan,
during the hearing of her case, that
she believed that her husband had
married her for money and that
she therefore threw money and se-
curities valued at \$15,000 into the
stove and watched them burn. She
afterwards left her husband and when
she sought a reconciliation she was
told not to enter the house again. A
decrees giving the woman \$28 a month
was given by the court.

ANGEL CHILDREN.

Is there any happier
woman in the world than
she who, when each
morning looks out upon
her little ones, seems
to be looking into the
sunshine of perfect
happiness? But soon is
the mother who has
children to whom she
has ceased to be a
cause of joy, and
looked forward to
with joy and
appreciation.

"About three
months before our
last baby was born
(which is our
fourth), writes
Mrs. Nellie Carl of
New York, 'I had
been troubled for about eight years with female
disease. I was with great physicians but
could not get any relief. I wrote to the
Medical Association and was advised to
take Dr. Pierce's Favorite Prescription and
Golden Medical Discovery. I did so and
I am happy to say my health began to improve and
I did my work up to the last and felt splendid."
"I got along finely during confinement, and
have the healthiest baby I ever saw. When he
was three months old he weighed sixteen
pounds; he is now seven months old and weighs
twenty-four pounds. I can say I have had no
return of my old troubles. I thank you very
much for the good you have done me."

Any woman may write to Dr. K. V.
Pierce, of Buffalo, N. Y., a statement of
her case, which will be considered in ab-
solute confidence by this physician who
stands among the foremost specialists of
the century in the treatment of women's
diseases. He will send her (in a plain,
sealed envelope) sound, sensible, valua-
ble advice free of all charge.

Dr. Pierce's great thousand-page, ill-
lustrated Common Sense Medical Ad-
viser will be sent free, paper-bound, for
21 one-cent stamps, to pay the cost of
mailing, only, or cloth-bound for 31
stamps.

LIST GROWING

With Boosters for the City of Lima

Business Men's Progressive Association Is Progressive

AND THE COMMITTEE

On Membership Is Meeting With Encouraging Success.

Total Membership Up to Date Includes Eighty-Three Citizens.

The membership committee of the Lima Progressive Association is meeting with the greatest encouragement in its canvass, and the business men and property owners show on every side a willing disposition to support the organization. Members of the committee under stress of personal business matters were compelled to postpone further canvass yesterday and Monday morning, but the secretary received four additions to the list that came voluntarily, making the total to date 83.

The committee desires to increase the list to at least 250 and as many more as possible. With that support back of the association the annual assessment will not be more than \$10 a year and would permit of a thorough and exhaustive investigation of every proposition that is brought to the notice of the secretary. There are, to speak conservatively, 400 residents of Lima who can easily afford to become stockholders of the association, and should be sufficiently interested in the welfare of the city, not to speak of the personal good to be derived by a continued growth in population, to subscribe to the fund. The larger the membership the less will be the assessment necessary to defray the annual expenses.

Following is a complete list of members:

G. E. Binem, A. L. White, J. C. Lineman, W. B. Riddle, Wm. East, D. J. Cable, Thos. D. Howe, Henry Daisel, E. T. Mitchell, C. F. Donze, F. D. Carpenter, Lima Trust Co., S. S. Wheeler Wm. J. Dear Sir:—Yours of October 25th received. Mr. Carnegie has now instructed his cashier, Mr. R. A. Franks, Home Trust Co., Hoboken, N. J., to honor the calls of the proper authorities of Lima for amounts as needed to pay for the erection of a library building, to the extent of thirty thousand dollars.

Respectfully yours, JAMES BERTRAM, Private Secretary.

The next move of the officers of the association will be the preparation of plans and specifications for the structure, and architects will at once be put to work on these. The \$30,000 is expected to cover the entire cost of the building, ready for occupancy by the Lima library.

It is expected all the details, bids and materials will be in such shape that work on the structure will be started early in the spring.

Was the Gas Out of a Poor Connection in the Pipe.

OVER BORDER LINE

Between Allen and Harden County the New Fuel Gas Has Come.

The people of Lima will be pleased to know that there is now a fairly good prospect that natural gas fuel will be one of the possibilities after tomorrow. In conversation this morning with Mr. Mulholland, he stated that it was the present expectation of their people that gas would be run in tomorrow evening, but Monday at the latest would see the people of Lima using the new fuel.

The delay in delivery of the gas to Lima was due, Mr. Mulholland says, to the last mile and a half of pipe that was laid, the joints of which were not properly screwed up. This made it necessary to open up the line at every joint and finish the job which was improperly put in.

The gas company are satisfied that the new fuel gas is now in Allen county, for they were so informed today by a telephone message from Marysville, which is very close to the line between Allen and Hardin county. At noon the telephone bell rang vigorously and a woman's voice from the other end of the wire asked: "Is this the Lima gas works?" Informed that it was the voice continued: "Well, I live out here at Marysville, close by your gas line, and you had better send some one out here in a hurry. There is a leak in the line and the gas is just a fizzin' and a fizzin'."

Glad to know that the gas had crossed the county line, even if it was "fizzin'" the gas people took prompt measures to stop the leak, and direct the gas toward Lima.

THAT SLY CIGARETTE

May Not Escape the Clutches of the Reform Legislature to Come.

Washington, C. H., O., Nov. 18.—Dr. L. M. McFadden, the republican representative-elect from Fayette county, believes that the state Legislature should enact a law entirely prohibiting the sale of cigarettes in Ohio. It is Dr. McFadden's intention to himself introduce an anti-cigarette bill at the forthcoming session of the legislature. Should the bill which Dr. McFadden contemplates presenting become a law it will completely wipe out the sale of cigarettes in the state. In speaking of the effects of the use of cigarettes, Dr. McFadden says:

"I am heartily in favor of any law tending to prohibit the use of cigarettes in this state. I believe that the cigarette is a menace to the health and morals of society, and I think the law should stop its use. I agree with the Ohio vs. C. T. U. that Ohio should follow the example of Indiana and adopt legislation similar to that in the Hoosier state. I shall support any bills that are introduced in this connection which I think will accomplish this purpose."

EVANGELIST

Will Assist Rev. Rupe in His Work.

Rev. Henry D. Hudson, evangelist of New York, will assist Rev. C. M. Rupe, of the South Lima Baptist church, in a series of evangelistic meetings, beginning Tuesday evening. Mr. Hudson is a very successful pastor and evangelist. He is commended by men of the highest position in several denominations as an able and eloquent preacher. This church has been preparing for this work for a long time, and it is expected that the meetings will be of unusual power and effectiveness. A hearty invitation to attend is extended to all within reach of the church.
